Бренд ENNFACE – мультиформатное единство эстетики и практичности, созданное для дизайнеров и архитекторов. С нами вы получаете готовые интерьерные решения, которые не просто отвечают функциональным требованиям, но и являются воплощением стиля, позволяя создавать интерьеры, полные индивидуальности, креативности и элегантности. Идеи наших дизайнов зарождаются в одной из четырех столиц высокой моды.

Создавая новые коллекции, мы вдохновляемся образами от итальянских кутюрье, формируя связь между интерьером и Fashion. Наши клиенты - это люди, которые понимают интерьер как отражение своего статуса и вкуса. Высокие стандарты качества и уровень сервиса подтверждены многочисленными рекомендациями и положительным опытом дизайнеров, строителей и партнеров. Бренд ENNFACE построен вокруг своего клиента. Мы непрерывно развиваемся, обеспечивая современный сервис – технологичные средства коммуникации и обработки заказов, расширенная складская программа, маркетинговое сопровождение. Наша команда состоит из опытных специалистов, имеющих глубокие знания в области дизайна и производства керамогранита, создания эффективного сервиса, международной логистики, построения масштабного бизнеса, развития маркетинга и продвижения. Мы постоянно учимся новому, осваиваем и первыми используем новые технологии. Наша позиция в бизнесе - будь открыт миру, поэтому мы с радостью делимся знаниями и опытом как с партнерами, так и с конкурентами. Стратегия бизнеса нашей компании направлена на непрерывный рост и масштабирование - рост крупных партнеров, расширение представленности в дружественных странах, углубление складских остатков за счет увеличения складской сети. Весь комплекс мероприятий направлен на увеличение доступности для клиентов, сокращения сроков поставки и повышения комфорта в сотрудничестве.
